

Butt Lane Dental Surgery

Car Parking

Car parking is available in a free public car park just a couple of hundred yards from the practice, short term limited parking is available directly outside the practice on the road side.

Assistance Dogs

We welcome assistance dogs in the practice, as long as they are wearing their tabards/harness and working. Please ask your dog to toilet before entering the property. We are able to provide your dog with a drink of water, please ask at reception.

Carers and companions

You are welcome to bring support with you.

Access into and at the surgery

We can provide a wheelchair ramp, if you require assistance getting into our building please ring the doorbell and someone will come to your assistance. We also have a ground floor surgery for patients who have difficulty with stairs.

Toilet

We have a disabled toilet on the ground floor.

In the event of an emergency

Please alert a member of staff if you require an ambulance or become unwell whilst visiting the surgery, we have First Aid equipment on the premises and our staff are trained to cope with medical emergencies. We are happy to help in non-emergency situations, should you require support please do not hesitate to ask a member of staff.
